# CONDITIONS OF BUSINESS

## General

Queries regarding completed work must be made within seven days of collection.

An order should be included with all work sent to the laboratory detailing contact name, telephone number and clear work instructions. We will assume that orders refer to negative numbers and not customer numbers unless specified.

Prices may be altered without notice.

We will assume that orders are sized in cm unless stated otherwise.

## Service Times:

The in-lab times for each service are based on average job size and average volumes and may be extended as workload demands.

Rush services are available and depending on workload, these requests may be surcharged.

## Sizes:

All sizes of prints and transparencies are approximate and it should be noted that metric sizes are not exactly comparable to those in inches. Refer to conversion chart. Less image area may appear due to normal masking methods.

## Liability:

We apply vigorous precautions to safeguard customer's originals. In a production environment unforeseen circumstances can present themselves.

In case of damage we do not accept liability beyond replacement of lost or damaged items with an equivalent amount of photographic material.

## GUARANTEE

If you are not completely satisfied with your work we will gladly reprint without charge, except in the case of rush service.

## GST

All prices include 10% GST

## Opening Hours:

### \* Premium Print Service

*A proof print: printers choice colour/density*

Service includes:

- One print from every file supplied,
- Limited colour and density correction using printer correction capability

Service does NOT include:

- cropping, file selection, matching to supplied prints, retouching or redos due to colour or density

### \*\* Custom Print Service

*A fully corrected custom print*

Service includes:

- Colour and density correction using advanced photoshop techniques
- Cropping as instructed
- Colour matching as instructed

## Technical specifications for file preparation.

- Print Sizes:
  - Up to 20x36 cm (8"x14"). Noritsu printer: prepare at 300 dpi (dots per inch) at the size you would like the image printed. e.g. 10x15 cm (6"x4")@ 300 dpi in SRGB colour space
  - Up to 50x75 cm (20"x30"). Pegasus printer Prepare at 250dpi at the size you would like the image printed. e.g. 50x75 cm (20"x30")@ 250 dpi
- It's important to remember that the photographic industry is still largely based around inches, therefore canvas/image sizes should be set at the exact metric conversion for the common sizes if possible. See conversion table on page 2.
- Set files to 300 or 250 dpi – RGB (not CMYK)

If the image is not supplied to the specifications above we will resize images the best way possible to fit the print size you have selected. Note that Screen resolution images i.e. 72dpi will generally produce poor quality pixilated prints.

### E-MAILED IMAGES :

Images may be E-mailed to bicaprolab@gmail.com

Please include surface (Gloss or Lustre) your address and phone number with order. Images need to be 300 dpi at physical size required for printing for: example- (6"x 4"@ 300dpi).
